A Word from the DOM

We once again have been given by the Lord many opportunities to be on mission this summer. The past few months have been filled with our churches doing many great missions work together. Here is a list of some of the exciting missions work that was done around our association:

- Six people including myself from our association served through Disaster Relief in West Virginia to help those recovering from massive flooding.
- A couple of our churches also partnered together to build wheelchair ramps & do home repairs for families who financially could not do so themselves.
- Ewing Baptist led a group from our association on a mission trip to an AIDS camp in the Bahamas
- Some of our pastors and their members went to other parts of the state to serve with Kentucky Changers.
- Several of our churches participated in Vacation Bible Schools.

There were many other things that took place this summer among our churches that are not listed. However, it is very encouraging to see missions emphasized and done together among our

churches. We pray this will continue to grow among our churches in the future.

The Annie Allen Associational Offering was also collected in May, which went well. However, I hope you are aware that a lot of our churches received funds this summer from the Association to do some of these mission projects that were mentioned. As a matter of fact the association gave out \$1,580 in scholarships and supply purchases to help our churches accomplish missions work they felt led to do. As a result of your giving to the association and our Annie Allen Offering we were able to assist our churches in accomplishing missions that gave opportunities to spread the gospel. So, thank you to all of our churches who generously support the efforts of your association through prayer, mission work and giving. Lastly, please pray that our churches will increasingly grow in the desire to be on mission for Christ and that our association will be able to assist them to do so.

In Christ Alone,
Rev. Dewayne Slusher
Director of Missions
